ADDITIONAL INFORMATION:

For many years, Maine Lions have generously supported the Camp's mission to provide respite, support, joy and hope to children with life-threatening illnesses and their families. With the generator, Camp Sunshine can now offer respites year-round, without the risk of power outages, and can serve even more families.

"We are so pleased to have the support of the Maine Lions Clubs, the Lions Club of the Bronx and the Lions Clubs International Foundation," said Hoidal. "The generator will not only keep Camp Sunshine warm during the winter, but will also warm the hearts of our families in their battles with life-threatening illnesses. The generator plays a critical role in our Program's expansion, and for that, we are deeply grateful."
